ABOUT CARE

JOB DESCRIPTION

CARE is an international development and humanitarian aid organisation fighting global poverty and injustice, with a special focus on working with women and girls to bring lasting change to their communities. Our core values consist of:

Courage:

We are clear-eyed about the challenges and opportunities facing humanity; we make difficult decisions and take calculated risks to respond to these knowing we have a healthy and productive workforce in a safe and fun work environment.

Ambition:

We are all leaders, thinking big and taking urgent action to improve the world; we challenge each other, have the confidence to try new things, and we move fast.

Respect:

We know we must be the change we want to see, so we treat colleagues, partners and the public with respect, valuing and promoting different opinions and perspectives based on our diverse life experiences, working together so we all feel safe and powerful.

Equality:

We know humanity's best chance for overcoming poverty and creating a world of hope, tolerance and social justice lies in equality; we advance equality in all our work and in our dealings with all people, especially gender equality. It all starts with equal.

CARE International in Vietnam is a dynamic organisation working with Vietnamese and international partner organisations since 1989 on 300+ projects. CVN recognises that the key to achieving equitable development outcomes lies in shifting deeply rooted, structural underlying causes of poverty and social and gender injustice that contribute to the exclusion and vulnerability of particular groups in society. CVN's long term programme goals are that Remote Ethnic Minority Women (REMW) and Socially Marginalised People (SMP) equitably benefit from development, are resilient to changing circumstances, and have a legitimate voice.
